

IN THE CLAIMS

Please cancel claims 6-10 and 15-19 without prejudice or disclaimer.

Please add new claims 20-28 set forth below.

Claims 1 - 19. (Cancelled).

~~20.~~ (New) A composition for the relief of occasional heartburn and digestive disorders, said composition comprising:

20-60 weight percent non-denatured honey;

¹⁰⁻²⁰
20-40 weight percent raw wheat bran; and

³⁰⁻⁴⁰
20-40 weight percent raw wheat germ, based on the total weight of the composition,

wherein said non-denatured honey has a peroxide activity amount of greater than about 5 μ g of hydrogen peroxide per gram honey after sixty minutes as measured at a temperature of 21°C and a water content of less than about 17.5% by weight.

~~21.~~ (New) The composition of claim 20, wherein said composition is compressed and unbaked.

~~22.~~ (New) The composition of claim 20, further comprising at least one additive selected from calcium carbonate, zinc oxide, pectin or carboxymethylcellulose.

~~23.~~ (New) The composition of claim 22, wherein said composition is compressed and unbaked.

~~24.~~ (New) A compressed and unbaked composition for the relief of occasional heartburn and digestive disorders consisting essentially of:

20-60 weight percent non-denatured honey having a peroxide activity amount of greater than about 5 μ g of hydrogen peroxide per gram honey after sixty minutes as measured at a temperature of 21°C;

20-40 weight percent raw wheat bran; and

20-40 weight percent raw wheat germ and at least one additive selected from the group consisting of calcium carbonate, zinc oxide, pectin and carboxymethylcellulose.

25. (New) A composition for the relief of occasional heartburn and digestive disorders comprising:

20-60 weight percent non-denatured honey, wherein said honey has a peroxide activity amount of greater than about 5 μ g of hydrogen peroxide per gram honey after sixty minutes as measured at a temperature of 21°C;

20-40 weight percent raw wheat bran; and

20-40 weight percent raw wheat germ.

26. (New) The composition of claim 25, wherein said honey has a water content of less than about 17.5% by weight.

27. (New) The composition of claim 25, wherein said composition is unbaked.

28. (New) The composition of claim 25, further comprising at least one additive selected from the group consisting of calcium carbonate, zinc oxide, pectin and carboxymethylcellulose.
